

## PROJECT ATLAS - H2020: PRESENTATION OF IRRIGATION SERVICES

**Wednesday 15 September 2021, 17:30-22:30**  
**Metaxochori-Thessaly**

### Metaxochori Square

17:30-20:00 Meet at the square. Guided tour of pilot fields in small groups (monitoring instruments, telemetry data transmission, field organization, experiences from the operation-problems-advantages), discussion with producers.  
Visit of selected monitoring sites of the Pinios Hydrologic Observatory (limited number of visitors).

### Open-air amphitheater Chrysallida cultural center

- 20:30-20:40 **Regards**  
*Representatives of Institutions, organizers*
- 20:40-20:45 **Welcome-introduction: ATLAS project in Pinios Hydrologic Observatory**  
*Andreas Panagopoulos, Research Director, Hellenic Agricultural Organization "DEMETER" Soil and Water Resources Institute (SWRI)*
- 20:45-20:55 **Presentation of ATLAS Project - H2020 and irrigation services project team**  
*Grigoris Mygdakos, AGROAPPS*
- 20:55-21:05 **Rational irrigation in Greece: from yesterday to tomorrow**  
*Evangelos Hatzigiannakis, Research Director, Hellenic Agricultural Organization "DEMETER" Soil and Water Resources Institute (SWRI)*
- 21:05-21:10 **Irrigation through the eyes of farmers and their supporters**  
*Anna Chatzi, Associate Researcher, Hellenic Agricultural Organization "DEMETER" Soil and Water Resources Institute (SWRI)*
- 21:10-21:20 **Irrigation services**  
*Vassilios Pisinaras, Researcher Grade C, Hellenic Agricultural Organization "DEMETER" Soil and Water Resources Institute (SWRI)*
- 21:20-21:30 **Live demo of irrigation services**  
*Ioannis Tsakmakis - Konstantinos Babakos, Associate researchers, Hellenic Agricultural Organization "DEMETER" Soil and Water Resources Institute (SWRI)*
- 21:30-21:40 **Satellite temperature analysis services**  
*Iphigenia Keramitsoglou, Research Director, National Observatory of Athens*
- 21:40-21:50 **Live demo of satellite temperature analysis services**

*Iphigenia Keramitsoglou, Research Director, National Observatory of Athens*

21:50-21:55 **Video - overview of pilot field installation works**

21:55-22:05 **H2020 REXUS – PRIMA LENSES: two new research projects, their connection with the H2020 ATLAS**

*Leon Kapetas, DRAXIS*

22:05-22:25 **Questions-discussion**

*Andreas Panagopoulos, Research Director, Hellenic Agricultural Organization "DEMETER" Soil and Water Resources Institute (SWRI)*

22:30-23:00 **Light reception, curtesy of the Agricultural Cooperative - Kissavos**
